SUMMARY

Motivated and detail-oriented recent graduate with a Bachelor's degree in Computer Science and a solid foundation in Java development. Proficient in Java programming, object-oriented design, and key frameworks such as Spring and Hibernate. Hands-on experience gained through academic projects, internships, and self-driven learning initiatives. Eager to leverage strong analytical skills and programming knowledge to contribute to innovative software solutions. Adept at problem-solving, quick to learn new technologies, and excited to work in collaborative, fast-paced environments. Committed to continuous learning and passionate about starting a career as a Java Developer.
